ASSUMPTION OF RISKS – SPORT CLIMBING, INDOOR GYM CLIMBING, INDOOR OR OUTDOOR ARTIFICIAL WALL CLIMBING, AND ROCK CLIMBING.

I am aware that sport climbing, indoor gym climbing, indoor or outdoor artificial wall climbing, and rock climbing, have inherent dangers and risks some of which include:

- a. all manner of injury resulting from falling, either roped or unroped, while using the climbing walls and impacting against the floor, holds, ledges, edges, other climbers or any permanent or temporary fixtures;
- b. rope abrasion, entanglement, and other injuries resulting from activities on or near the climbing wall such as climbing, belaying, rappelling, lowering on rope, rescue systems, and other rope techniques;
- c. injuries resulting from falling climbers or falling objects (dropped by other persons using the climbing walls or detaching from the wall, roof and/or supporting structure) such as ropes, climbing hardware, modular holds and their parts, anchors, harnesses, helmets and so forth;
- d. cuts and abrasions resulting from contact with the climbing wall, fixtures and climbing panels;
- e. failure of the ropes, knots, slings, harnesses, climbing equipment, anchor points or any part of the climbing structure;
- f. failure of the belayer to protect against a fall;
- g. injuries resulting from the use of fitness equipment or cross training exercises.

And, I do hereby further acknowledge and agree:

- a. that the Course I am participating in requires a very high degree of sport climbing skills, knowledge, experience, and is designed to test my skills;
- b. that I will be climbing very difficult routes: I will be required to climb 5.10 minimum standard routes and I will lead very difficult climbing routes;
- c. that I am personally responsible for my preparation prior to the Course including without limitation: (i) my health and fitness, (ii) securement of adequate prerequisite knowledge of all aspects of sport climbing, and (iii) adequacy and condition of my climbing equipment;
- e. that I consent to receive first aid and medical treatment by the Instructing Staff in the event of an accident, injury or illness during the Course.

I acknowledge and accept that the ACMG and their staff may fail to predict whether the terrain or facilities used are safe for climbing or whether an accident may occur. The terrain used for climbing may be uncontrolled, unmarked, not inspected and involves many risks, dangers and hazards. These may include, but are not limited to any of the hazards listed above; the failure to climb safely within one's own ability or within designated areas; human error, failure to forecast or recognize a hazardous situation, negligence of other climbers, or rescuers; and **NEGLIGENCE ON THE PART OF OTHER STUDENTS, ACMG OR THEIR INSTRUCTORS, EMPLOYEES, AND CONTRACTORS INCLUDING THE FAILURE OF the ACMG OR THEIR INSTRUCTORS, EMPLOYEES, AND CONTRACTORS TO SAFEGUARD OR PROTECT ME FROM THE RISKS, DANGERS AND HAZARDS OF SPORT CLIMBING, INDOOR GYM CLIMBING, INDOOR OR OUTDOOR WALL CLIMBING, ROCK CLIMBING, AND TRANSPORTATION.** Communication in the sites used may be difficult and in the event of an accident, rescue and medical treatment may not be available.

I AM AWARE OF THE RISKS, DANGERS AND HAZARDS ASSOCIATED WITH SPORT CLIMBING, INDOOR GYM CLIMBING, INDOOR OR OUTDOOR ARTIFICIAL WALL CLIMBING, ROCK CLIMBING, AND TRANSPORTATION AND I FREELY ACCEPT AND FULLY ASSUME ALL SUCH RISKS, DANGERS AND HAZARDS AND THE POSSIBILITY OF PERSONAL INJURY, DEATH, PROPERTY DAMAGE OR LOSS RESULTING THEREFROM.

NOTICE TO CLIMBERS WHO DO NOT USE HELMETS – INCREASED RISK

I am aware that not wearing a helmet will increase my risk of injury.

NOTICE TO PARTICIPANTS OF PROFESSIONAL GUIDE TRAINING COURSES – INCREASED RISK

The ACMG provides training intended to develop professional climbing gym instructors. To train professional climbing gym instructors it may be necessary for students to participate in activities that have higher levels of risk than what may be considered reasonable by entry-level, intermediate, novice, commercial guiding, or recreational standards. This may include, but is not limited to activities such as: lead climbing where the climber places his or her own protective equipment, climbing without helmets, rescues, students driving program vehicles, stress from examination and grading processes, students making route and hazard assessment decisions on behalf of other students, unsupervised activities; and continuing with an activity when it may not be considered reasonable by entry-level, intermediate, novice, commercial guiding, or recreational standards (for example, when fatigued, in inclement weather, or in high hazard conditions).
