Training and Assessment Program

Hello and thank you for your interest in applying to the ACMG Training and Assessment Program (TAP).

As of April 30, 2018, the ACMG will be running the program for an undetermined period. For any courses beginning May 1, 2018, please use the following pages and application packages that are appropriate for your needs. If you have any questions, feel free to direct them to us at tap@acmg.ca.

If you have previously taken a course with the Canadian Mountain and Ski Guide Program at Thompson Rivers University, it is possible that we will not have your complete file and may request an update on your resume, letters of recommendations or other info.

1. Hiking Guide Certificate

The Hiking Guide program trains and certifies participants to guide on and off-trail on all types of hiking terrain, and includes day-hikes and multi-day backpacking trips. The certification does not include travel on permanent snowfields, glaciers or scrambling terrain.

The Assistant Hiking Guide course is a prerequisite to the Hiking Guide exam. Assistant Hiking Guides should complete one full season of supervised guiding before applying to the Hiking Guide exam.

Hiking Guide Exam

The Hiking Guide Exam takes place over 6 days and includes a four-day backpacking trip during which candidates are expected to demonstrate ongoing '24/7' client care. The goal of the exam is to certify guides to work without supervision in all types of hiking terrain. A second goal is to continue the candidate's skill development. Hiking guides are expected to have strong leadership skills and may supervise Assistant Hiking Guides.

If you have already completed the Assistant Hiking Guide course and are applying to the Hiking Guide exam, proceed with this package. If you have not completed the Assistant Hiking Guide course, return to the web site and click on Assistant Hiking Guide or contact the Program office

2. Notice to Participants of Professional Guide Training Courses - Increased Risk

The ACMG provides training intended to develop professional skiing, climbing, hiking, rescue, and wilderness travel guides. To train professional guides it is necessary for students to participate in activities that have higher levels of risk than what may be considered reasonable by entry-level, intermediate, novice, commercial guiding, or recreational standards. This may include, but is not limited to activities such as: lead climbing where the climber places his or her own protective equipment, travel and decision making in avalanche terrain, climbing and rescue in a multi-pitch environment, driving program vehicles, hiking in unusually rough and remote terrain, stress from examination and grading processes, making route and hazard assessment decisions on behalf of other students, unsupervised activities; and continuing with an activity when it may not be considered reasonable by entry-level, intermediate, novice, commercial guiding, or recreational standards (for example, when fatigued, in inclement weather, or in high hazard conditions).

AT THE START OF EACH COURSE or EXAM YOU ARE REQUIRED TO SIGN A LEGAL RELEASE DOCUMENT (Waiver). YOU CAN VIEW A COPY ON-LINE. WE RECOMMEND YOU SEEK LEGAL ADVICE IF YOU HAVE QUESTIONS.
